# Procedural Changes for 2013/14

Beginning in 2013/14, the Resources Committee will:

- Publish on our website a calendar of meetings for the academic year (approximately 5 meetings/year).
- Devote one committee meeting to a discussion of investment issues with Princo representatives.
- Develop and publish brief guidelines and standards for bringing a concern to the committee.
- Upon receipt of a notice of concern, provide a timeline for considering the issue raised and reporting back to the individuals or groups registering a concern.
- Consult the CPUC when an issue would benefit from broader input.
